Touch Printer Controller
TIPC15-XJ

Touch Industrial Printer Controller for XAAR 128 & 500

HSAJET® Industrial PC with Touch display based upon XAAR Piezo Technology

The Touch Industrial PC builds on the HSAJET® controller board based upon XAAR Piezo technology.
The TIPC is PCI based and can control up to 280 mm of print height for both XAAR 128 and XAAR 500.

Industrial casing

The steel casing of the controller provides extra protection when used in harsh environment.

Advanced features

With a CB based solution you have full freedom in head offset as well as a high accuracy in X and Y stitching. Each CB has encoder, sensor and serial connection. Ethernet communication is made through the PC's LAN.

HSAJET Software

CB solutions are controlled from one of our softwares specially designed for Coding & Marking, Mailing or Pharmaceutical applications. The intuitive software has all necessary features including database connection.

Remote control

The comprehensive communication protocol allows you to send data or control the unit remotely. Eight outputs allow for integration of the controller into the most complex systems.

Print at breakthrough speeds of up to 300 m/min in 300 x 150 dpi

- GRAPHICS
- NUMBERS
- FIXED TEXT
- REAL-TIME PRINTING
- ANY WINDOW TRUE-TYPE FONT
- COUNTERS
- DATE & TIME
- LINEAR AND 2D BARCODES
- VARIABLE TEXT

HSA SYSTEMS — A UNIQUE IMPRINT

HSA USA — The first choice in package printing.

Technical Details

HSAJET TOUCH INDUSTRIAL PRINTER CONTROLLER TIPC15-XJ

Key features:

- MAX 280 MM PRINT HEIGHT

- PRE-CONFIGURED WINDOWS DRIVEN CONTROLLER

- CREATE OR EDIT JOBS DIRECTLY ON THE TOUCH SCREEN

- SOFTWARE IS AVAILABLE IN VARIOUS LANGUAGES. CONSULT YOUR HSA SALES REPRESENTATIVE FOR A COMPLETE LIST.

- FULL FREEDOM IN X AN Y STITCHING: THE STITCHING IS EASILY ADJUSTED IN RUNNING DIRECTION AND ACROSS RUNNING DIRECTION FROM THE SOFTWARE

- COMPREHENSIVE COMMUNICATION PROTOCOL

- SERIAL OR ETHERNET CONNECTIVITY

- CAN PRINT FULLY VARIABLE INFORMATION

- DATABASE CONNECTIVITY AVAILABLE

- OPERATOR FRIENDLY CONTROLLER WITH CONFIGURABLE USER INTERFACE

Technical Data - TIPC:

Dim (WxLxH):	372 x 303 x 110 mm
Weight:	6.9 kg
Configuration	(min)
Hard disk:	80 Gb
RAM:	512 Mb
Processor:	2 GHz
Power supply:	420 W
Software:	Windows XP Pro
	OBJ or Mail InkDraw

Accessories:

- SENSOR AND ENCODER

- MOUNTINGS

- KEYBOARD / MOUSE

- BULK INK

- STACK LIGHTS
